

Sasin Charoensuksira, MD, PhD

Dermatology | OMICs & Bioinformatics | Regenerative and Aesthetic Medicine

Email: sasinboong@gmail.com | Phone: 081-677-3334 | Nonthaburi, Thailand

Address: 52/15 Chuanchun Modus Village, Rattana Thibet Road, Tha-it, Pakkret, Nonthaburi 11120 | Date of birth: May 17, 1991

PROFESSIONAL PROFILE

Dermatologist and PhD-trained researcher with experience in dermatologic OMICs, spatial transcriptomics, proteomics, bioinformatics, regenerative dermatology, and aesthetic procedures. Research interests center on translating molecular and cell-free therapeutic insights into clinically relevant dermatology, hair biology, inflammatory skin disease, skin quality, and aesthetic medicine.

EXPERIENCE

Thammasat University

Special Instructor and Researcher, Division of Dermatology,
Chulabhorn International College of Medicine, Thammasat
University

DSK Clinic

Aesthetic Doctor

EDUCATION

Doctor of Philosophy Program in Dermatology (International Program)

Chulabhorn International College of Medicine, Thammasat
University

2019 - May 2024

Doctor of Medicine

Faculty of Medicine Siriraj Hospital, Mahidol University

2009 - 2015

CORE SKILLS

- Dermatologic procedures: skin biopsy, laser, fillers, toxin, skin quality, acne scar, skin tightening/lifting
- Skin and hair diseases; dermoscopy
- Microbiome and hair biology
- Skin molecular biology, immunohistochemistry, immunofluorescence, digital image analysis
- Spatial transcriptomics and proteomics
- Artificial intelligence in dermatology and bioinformatics
- Data analytics and visualization: R, Python, GraphPad, SPSS
- Dimensionality reduction, clustering, correlation analysis
- Differential expression, over-representation analysis, GSEA, network analysis
- Basic machine learning: supervised and unsupervised learning

ONGOING RESEARCH PROJECTS

Regenerative, cell-free and exosome-based therapeutics

- Mete Cell Technology (MCT) Research Project: Photothermal stimulation of platelet-rich plasma (PRP) to evaluate growth factor and exosome release.
- Comparative study of photothermal-activated PRP and non-activated PRP for androgenetic alopecia, melasma, and acne scar.

Dermatologic devices and aesthetic outcomes

- Microneedle patch for facial rejuvenation.
- Picosecond laser.

Skin biology, microbiome and hair research

- Skin microbiome.
- Metabolic pathway in hair loss.

PUBLICATIONS

- 2025 Nov** - Siriphanit, R., Thanasarnaksorn, W., Boonpethkaew, S., Ponnikorn, S., Charoensuksira, S., Deenonpoe, R., Sirithanabadeekul, P., Suwanchinda, A., Hongeng, S., & Meephansan, J. (2025). Comparison of transcriptomic profiles in edge to center of plaque reveals chronological molecular events in psoriatic plaque formation. *Journal of Dermatological Science*, 108(1), 30-38.

LECTURER, SPEAKER AND INSTRUCTOR

- Picosecond Laser Workshop, CICM, October 2025.
- Botulinum Toxin Workshop, CICM, September 2025.
- "R programming and AI-based tools for OMICs data", Laboratory in Genetics and Genomics for Precision Medicine, Department of Medical Services, Ministry of Public Health, Thailand, September 25, 2025.
- "Precision Medicine in Dermatology", Laboratory in Genetics and Genomics for Precision Medicine, Department of Medical Services, Ministry of Public Health, Thailand, August 18, 2025.
- "Does Sugar Matter? Exploring Metabolic Pathways as Targets for the Treatment of Androgenetic Alopecia", CICM2025 Aesthetic Dermatology: Evidence to Excellence, August 7, 2025.
- "Cell and Non Cell-based Therapy in Aesthetic Medicine", Cosmetic Dermatology I, CICM, April 18, 2025.
- "Artificial Intelligence in Dermatology: A New Era of Precision Care", 9th Annual Scientific Meeting of the Cambodian Dermatological Society, November 2024.
- "The Invisible Guardians: Exploring the Role of the Microbiome in Skin Health and Disease", 9th Annual Scientific Meeting of the Cambodian Dermatological Society, November 2024.
- Biologic drugs, Advanced Dermatology, CICM, November 11, 2024.
- "Bioinformatics in Dermatology", Investigative Dermatology, CICM, November 6, 2024.
- Bioinformatics Workshop: "Proteomics Data Analysis and Visualization in R", Laboratory in Genetics and Genomics for Precision Medicine, Department of Medical Services, Ministry of Public Health, Thailand, September 28, 2024.
- "OMICs Technology in Clinical Dermatology", Laboratory in Genetics and Genomics for Precision Medicine, Department of Medical Services, Ministry of Public Health, Thailand, August 26, 2024.
- "How to Fine-Tune Barrier and Biome", CICM 2024 Aesthetic Dermatology: Fundamental to Future, August 8, 2024.
- "Proteomic Visualization in Python", Proteomics Workshop, July 8-10, 2024.
- "Proteomic Analysis and Visualization in Python", online teaching, Lab of Nanomedicine, Inha University College of Medicine, Korea, July 1, 2024.
- "Cell and Non Cell-based Therapy in Aesthetic Medicine", Cosmetic Dermatology I, CICM, April 19, 2024.
- "Bioinformatics in Dermatology", Investigative Dermatology, CICM, November 15, 2023.
- "Bioinformatics", Laboratory in Genetics and Genomics for Precision Medicine, Department of Medical Services, Ministry of Public Health, Thailand, August 23, 2023.
- "Transcriptomics", Laboratory in Genetics and Genomics for Precision Medicine, Department of Medical Services, Ministry of Public Health, Thailand, August 16, 2023.

RESEARCH PRESENTATIONS

- Oral presentation, plenary session: "Sex-Specific Pathways in Androgenetic Alopecia and Female Pattern Hair Loss", 49th Japanese Society of Investigative Dermatology (JSID), Nagoya, Japan, December 6-8, 2024.
- Poster presentation: "Spatial transcriptome profiling reveals that aberrant adaptive immune response and pro-fibrotic hair epithelial progenitor cells constitute microenvironment at the mid-portion of the hair follicle in androgenetic alopecia", 25th World Congress of Dermatology, Singapore, July 3-8, 2023.
- Poster presentation: "Spatial transcriptome profiling reveals TGF-beta-2 in hair follicle progenitor cells is a potential driver of androgenetic alopecia", International Societies for Investigative Dermatology (ISID) 2023 Meeting, May 12, 2023.
- Poster presentation: "Phosphoproteome analysis revealing the different roles of fatty acid metabolism and perforin/granzyme-induced apoptosis in balding and non-balding scalp of androgenetic alopecia", 10th Asia-Oceania Human Proteomic Organization Congress (AOHUPO), June 30-July 2, 2021.

RESEARCH GRANTS AND AWARDS

- A travel grant winner of the Japanese Society for Investigative Dermatology (JSID) 2025.
- A travel grant winner of the Japanese Society for Investigative Dermatology (JSID) 2024.
- National Research Council of Thailand (NRCT), 2021.
- Thammasat University Doctoral Scholarship for Research, Academic Year 2021.
- A travel grant winner of the International Society for Investigative Dermatology (ISID) 2023.
- An awardee of Protein Society of Thailand (PST) Student Grant for the 10th Asia Oceania Human Proteome Organization (AOHUPO) 2022.

ELECTIVE PROGRAM

Department of Dermatology, Faculty of Medicine and Graduate School of Medicine, Hokkaido University, Japan, April - May 2023.

LANGUAGES

English: Advanced

Japanese: Elementary / N4

CERTIFICATIONS AND COURSES

AI, OMICs and Bioinformatics

- Artificial Intelligence for Digital Era: Mahidol Apprenticeship Program Curriculum (MAP-C).
- Bioinformatics and Molecular Systems Biology: Mahidol Apprenticeship Program Curriculum (MAP-C).
- Complete Overview of AI by Tautology, March 16, 2024.
- Certificate of attendance: Trends in AI in European Healthcare: Implications for Clinical Research, conducted by Dr. Monika Sobocan, October 19, 2023.
- AI in MED Conference, Bangkok, September 18-19, 2023.

Aesthetic and Dermatology Training

- Seminar MASTERING RADIESSE: The Art and Science of Regenerative Biostimulation, August 6, 2025.
- Hair Master Course, September 26-28, 2025.
- Hands-on Midface + Tear Trough, Restylane, August 5, 2025.
- Hands-on Combine Glow on Firm & Refresh (Sculptra + Vital + Vital Light), Intermediate to Advanced Treatment, July 22, 2025.
- Thermage Internal Training Workshop, June 24, 2025.
- Shape Up Workshop Firm and Lift (Sculptra + Filler), August 6, 2024.
- Potenza: Unlocking Next-Level Microneedle RF in Aesthetics, June 13, 2024.
- Xeomin Skin Plus+, May 9, 2024.
- Menarini Aesthetics hands-on workshop: Visual Aesthetics VA Structure, May 9, 2024.
- Radiesse Training Workshop, April 10, 2024.
- Belotero Revive Exclusive Training Workshop, April 9, 2024.
- Menarini Aesthetics hands-on workshop: Visual Aesthetics Absolute VA, March 25, 2024.
- Merz x No.1 Trainer Exclusive HA Filler Workshop: Advanced Course, Chin & Jawline, March 21, 2024.
- Merz x No.1 Trainer Basic Course HA Filler Workshop: Basic Mid-face, Naso-facial Sulcus and Chin, February 8, 2024.
- Sculptra Exclusive Hands-on Workshop, January 15, 2024.
- Allergan Medical Institute Workshop 2023: MD Codes Lips, MD Codes Look, 7&9 Point Shape and MD Codes Expression.
- HCP Focus Program by Allergan: Anatomy, Facial Aging, Facial Assessment, MD Codes and hands-on cheek, chin and jawline filler.
- Cosmetic Dermatology: Tips to Success by Rama Dermatology, October 9-20, 2023.
- Practical Dermatology: Smart Practice in Dermatology 2023, Rama Dermatology.
- Annual Meeting 2023, Thai Society of Cosmetic Dermatology and Surgery: Science and Clinical Application of Regenerative Medicine in Cosmetic Dermatology, February 15, 2023.
- H.E.A.T. International Symposium on Practical Cell Therapy, lecture and workshop, February 9-10, 2023.
- Siriraj Aesthetic Platform (SAP) 2023: Aesthetic Dermatology Beyond Borders.
- 15th International Congress of Aesthetic Dermatology (ICAD 2022).
- New Paradigm of Skin Rejuvenation using DOT Polynucleotide, September 27, 2022.
- 1st Real PRP Exclusive Training by RegenLab, PRP & Cell Therapy Specialists, June 2, 2022.

Conferences and Academic Courses

- 25th World Congress of Dermatology (WCD), Singapore, July 3-8, 2023.
- IMCAS ASIA 2023, Bangkok, June 9-11, 2023.
- International Societies for Investigative Dermatology (ISID) 2023, Tokyo, Japan, May 10-13, 2023.
- Meet the Experts in Dermatology 30 Years of Legacy: Journey to the Excellence of Dermatology.
- World Trichology Virtual Summit 2021, World Trichology Society, May-November 2021.
- Cosmetic Dermatology: Next Step in Modernizing Cosmetic Medicine by Rama Dermatology, October 25-30, 2021.
- Dermatology Tutorial Module 2 by Rama Dermatology, September 23-October 22, 2021.
- Certificate of academic excellence for performance in the Doctor of Philosophy in Dermatology (International Program), Chulabhorn International College of Medicine, Thammasat University, October 6, 2021.
- 24th Asian Australasian Regional Conference of Dermatology 2020 (RCD 2020).
- 39th Short Course in Dermatology, Dermatological Society of Thailand, 2019.
- Psoriasis Symposium 2018: Science and Patient Care Future Perspective.
- Case-Based Learning in Dermatological Practice, Institute of Dermatology, Thailand, October 20, 2018.
- 10+ Essential Skin Diseases for Non-Dermatologists, Division of Dermatology, Faculty of Medicine, Ramathibodi Hospital, July 12-13, 2018.

INTERESTS

Dermatology, aesthetics, longevity, bioinformatics, OMICs, artificial intelligence and machine learning.
